To, The Secretary to the Dewan
of Mysore Revenue Department.

Sir,

As directed in the Dewan's Proceedings No. 1432-3/4 of the 25th June last, I have the honor to state that I have made careful enquiries about the Students of the Chitaldrug Lainent School alluded to in the Correspondence attached to the Proceedings under reply. The Students, who are in need of aid, are thirteen in number as shewn in the accompanying list. They are all Natives of the out lying Talooks and Districts excepting two boys, who are

here with returned.

residents of the Chitral Town.
As for [illegible] as I have been
able to ascertain none of the
parents of these boys are in a
position to pay for the education
of their children, and moreover
four of the boys are virtually
orphans the Surviving relatives
not being in a position to
maintain themselves decently
Many of these boys were being
fed by the officials of the late
District and other Offices,
but Since the abolition of the
District, Some beg their daily
meals from house to house.
Many of the parents own Some
land, but the income therefrom
is hardly Sufficient for their
own Maintenance, I therefore
Consider that the aid Sought
for May be given. This act of
Charity would Materially help
not

not only the recipients, in the
middle of their ——— life,
but also tends to some extent
to advance the culture of the
present language.

2. The allowance of the Chattram
is Rupees 43-8-0 per month.
It is hardly sufficient for the
feeding of the travellers, and
the Cost of the Chattram Establish-
ment. If these Students are to
be fed in the Chattram, an addit
to its funds is absolutely
necessary. I would therefore
recommend that a Sum of
Rupees 15-0-0 may be added
to the funds in question trans-
ferring the Sum from certain
other Chattrams where Savings
are effected, or by giving the
Amount from surplus funds.

Despatch Ref.

Sir

I have the honour to report for the information of Government that the Sanskrit School at Chitaldroog was established in the year 1875 with the object of imparting instruction in Sanskrit literature to the Brahmin boys of the town. The number of students on the rolls of the School is 30 and the average attendance is 25. The boys are taught Sanskrit grammar, Kavya, Nataka and Alankara. The School is held in the morning from 7 to 10 A.M. and in the evening from 5 to 7 P.M. The boys are also taught Kannada and English. The School is under the management of a Committee consisting of the Assistant Commissioner, the Tahsildar and the Head Master of the Anglo-Vernacular School. The Pandit in charge of the School is Venkatarama Shastri. He is a good scholar and takes great interest in his work. The boys are regular in their attendance and make good progress in their studies. The School is well conducted and deserves encouragement.

Letter No 290 of the 13th November 1883 from the Sub Division Officer, Chitaldrug, reporting on the proposal for feeding some of the students of the Chitaldrug Sanskrit School, in the Govt. Chattra at that station, and submitting proposals for the reduction of Chattram establishments with a view to provide funds for the above purpose.

Order thereon [illegible] 9, 21 11

From the list submitted with the above letter it is observed that there are no less than 7 Nehara-dars who receive rations from the Chitaldrug Chatram, their cost being nearly one half of the total cost of the Chatram. This

of these are only 22 & 24
years old. It was never
intended that Chatram funds
should be misapplied
to payments of monthly
allowances ~~to~~ to
Servants hereditarily.
Rations may be given out
of Chatram funds to persons
who are deserving objects
of charity by reason of
Extreme old age, but
such payments must
always cease with the
death of the recipients
or with a change in his
condition. If instead of
following this rational
rule, the payments are
continued indiscriminately
and to the children of
the recipients, they become
virtually ready money Inams

which no Inferior Officer had authority to grant.

2 The Sub Division Officer is awarded by regulation fully to enquire into the present condition of each recipient, and, with due reference to the time during which the allowance has been enjoyed by him, pass such orders as may appear to be proper, for the continuance or discontinuance of the allowance.

3. Very poor Sanskrit Students may, to the extent of the funds available, be admitted as Tehamidars during such period as they may prosecute their studies with due diligence

4. The proposals submitted for the reduction of Chattram Establishments will be separately dealt with.

To,

The Chief Secretary
to the Government of Mysore

Sir,

I have the honor to state that the marginally noted students who have come from different parts of the District are reported by the Head Master of the Sanscrit School at Chitaldroog to be prosecuting their studies with great diligence and Earnestness and that they are put to much inconvenience in the matter of their daily meals, being very poor in their circumstances and depending for their bread upon the bounty of the well-to-do Brahmins of the place.

2.— The Amildar of the Chitaldroog Taluk reports that provision could be made for the 3 Students recommended by Head Master out of the lapsed

1. Soubra Srinivasa Sastri.
2. Bharamappa Narahari Sastri.
3. Varikuti Ramakrishnayya

allowances of 5 students who have left the place –

3. In your docket No: 1703 dated 5th September 1887, sanction was conveyed to five students of the Sanskrit School being maintained from the Vidyasala Chattram at Chitaldroog, and as all of them have since left Chitaldroog, their allowances have lapsed to the Chattram Funds. It is now proposed to revive the lapsed allowances in favor of the 3 new students above referred to, and I request the sanction of Government to do so.

4. As some portion of the lapsed allowances still remains unused, I beg leave to recommend that Venkappa Dikshit to whom Government in their proceedings No: 3872/147 of the 4th July 1891 were pleased to sanction an allowance of ½ a seer of rice with necessary condiments, may be allowed another half a seer of rice daily as the man is very poor though learned, and as the allowance of
